### For Parents: Questions and Answers about Catechism

Once upon a time there was a very special style of teaching called catechism. Catechism involved the teacher asking questions of the student, rather than lecturing. The benefit of catechism was that it forced the student to think and find answers for himself.

This style of teaching was used for generations in the Church to teach children and new believers the basic teachings of the Bible. In some religious circles, it is still used to great effect. Students who are taught in this way are more likely to understand what they believe. They are less likely to be swayed by critics because they know why they believe what they believe.

We would like to bring this method of teaching back into common practice. At Foots Creek Chapel, we are designing a catechism for parents to use in their home. It will serve as a guide for the parents to help their children find answers about what the Bible teaches related to God and man, sin and salvation, the Ten Commandments, prayer, and baptism and communion among other things.

Once the catechism is prepared, we will have a class to teach parents how to use it in their homes. Be on the lookout for more information about this useful tool in teaching your children.

### Children's Ministry Update

Awana is going to resume on September 18th. Remember that the cut-off age for kindergarten is 5 year olds whose birthdays are be-

fore September 1st. If your child is three years old and his birthday is after September 1st, he is too young for Cubbies. Cubbies club is for

children 3-4 year olds (the two years before starting kindergarten). Sparks is for K-2nd grade and T&T is for 3rd-6th grade.
