## Family Resources: Answers in Genesis

Answers in Genesis is a resource that defends the historical truth of creation. From their website:

“Dear Moms and Dads, “Welcome to our new “Kids Answers” website! I have a passion for you to be thoroughly equipped to train up your children in the way they should go ... so that even when they are old, they will not depart from it. Frankly, as a father and grandfather myself, I know that’s not easy in our modern culture. For that reason, the Answers in Genesis web team has created this unique site. KidsAnswers.org is designed to be a fun, safe, Creator-honoring place to

find educational entertainment for your children. We will show free kid-friendly Christian movies, as well as feature a new animal every week, and provide coloring sheets and activity pages. We want your children and their friends to know and love God’s Word. The Psalmist said, “One generation shall commend Your works to another and shall declare Your mighty acts” (Psalm 145:4). We look forward to partnering with you to exalt God’s Word in order to leave a godly legacy for the next generation.”

## For Parents: Faith @ Home

At Foothills Creek Chapel, we believe that it is our job to partner with parents in discipling their children. Toward that end, starting in January we will be implementing a *Faith at Home* initiative.

*Faith at Home* goes beyond Sunday School/Children’s Church attendance. It incorporates a challenge to all families, whatever they look like, to put into practice what they have learned at church.

USA Today identified up to twenty-eight different forms of family in our culture. The traditional family, including father, mother, and children, is what most people think of when we talk about family within the church context.

However, a single mother is a family with her children. A couple

with no children is a family unit. Even a single person, young or older, living alone is considered a family unit.

The *Faith at Home* initiative looks at how each of us can apply what we learn at Sunday School and church when we go home, regardless of what our family looks like. In this way, we want to have a different perspective on “family ministry”. Rather than being a church *with* family ministry where we add more ministries and events, we want to be a church *of* family ministry where everything we do is geared to equipping and empowering families to disciple children of the next generation in godliness and righteousness.

For God’s Glory!
